

STIHL RME 339 LAWN MOWER

Compact corded lawn mower for small lawns

The STIHL RME 339 electric lawn mower is perfect for small lawns up to 500m² in size. With a cutting width of 37cm/14.5" and a cable length of 17 m, it is lightweight, compact and simple to use. Fitted with an integrated cable strain relief to ensure secure fastening to the mower handle. The central cutting height adjustment can be adjusted in six settings between 20 and 70 mm, enabling you to achieve a perfectly cut lawn. Featuring a fold-open 40-litre grass catcher box with grass level indicator to make emptying the grass nice and simple. The foldable handlebar offers you even more convenience, allowing you to store the electric lawn mower in a space-saving manner. Carrying handles makes it simple to transport to the storage location. The machine is equipped with a robust and durable polymer housing. And if you wish to mulch your lawn, you can convert this electric lawn mower into a Multi-mower with the appropriate mulching kit available as an accessory. The RME 339 comes with a 5 year extended domestic warranty (subject to registration and annual servicing).
