SNOWBLOWERS IN STOCK!

 C&O Tractors Ltd

If we do have a heavy snowfall this winter clearing the snow can be a difficult job that takes hard work and time, if your business needs to keep moving why not consider investing in a snowblower?

We have three models in stock; the Honda HSS655T, Honda HSS760T and the Wolf SF56.

Honda have been building snowblowers for 30 years and they are built to the same high standards that people expect of products bearing the Honda badge.

The HSS655T is capable of clearing 37 tonnes of snow per hour. This light machine is perfect for domestic use in areas with light to medium snow, or for professional use in smaller areas. The HSS760T is a more robust machine with

a capability of up to 42 tonnes per hour it is ideal for domestic or professional use. Both machines come on tracks and use a manual 'Easy Start' system.

The Wolf SF56 is equipped with a single speed power drive and is suitable for driveways, pathways and car parks. The blower has a 40 inch clearing width

and with a powerful petrol engine and pneumatic wheels.

Snowblowers are powerful machines are perfect for locations such as schools or residential homes where there are a large number of people on site who need to be able move around safely. Contact our Wilton or Blandford stores to find our more.

Wedding Bells

Dan Holland, C&O Trainee Management Account and son of C&O's Matthew Holland married Nakita Henderson on 6th December at Merley House in Dorset. Congratulations from the whole team to Dan and Nakita, seen here with Matthew & Charmian Holland.
