UPDATE ON NEW HOLLAND SUPPORT

On 23rd April C&O officially cease to be a New Holland dealer, however we are still able to support your New Holland products. Our service and parts teams have a wealth of knowledge and experience dealing with New Holland. C&O still retain a very good stock of New Holland parts and are able to source fast moving parts. The only change is that C&O will no longer be able to submit warranty claims. Warranty work should only be conducted by an authorised New Holland dealer. All customers whose machines are still under warranty will be contacted personally to advise on arrangements for support.

If you have any concerns about the support for your New Holland machinery please contact your local parts and service teams or talk to our Group Warranty Manager Andy Blick on 01258 451 221.
