## C&O CUSTOMERS VISIT TO SIMA SHOW AND MF FACTORY

A group of C&O customers from across our trading area have just returned from a visit to SIMA, the European Agricultural Machinery Show, held in Paris. The group had the opportunity to see the latest innovations from Massey Ferguson, including the new Machine of the Year, the MF 7719 S. SIMA was followed up by a trip to the award-winning Massey Ferguson factory and technology centre at Beauvais. Speaking after the trip James Wooton from Greenseed International said, 'On behalf of Greenseed International. I would like to thank C&O Tractors Ltd and Massey Ferguson for their superb hospitality, with our recent trip to the factory in Beauvais France, and visit to Sima 19. We all had an amazing time and the factory tour and build quality we witnessed is second to none.' Visit the C&O Tractors Ltd facebook page to see more pictures from the trip.

## Can-Am's Wild Ride

C&O's Isle of Wight team have supplied a rather unique Can-Am utility vehicle for the Isle of Wight Zoo. The Can-Am HD8 Defender has been modified to meet the very specific requirements of the Zoo.

The HD8 started as a 6 seat machine, C&O's engineers have adapted it via fabrication to become a 3 seat machine with extended tipping body and carrying capacity. The Can-Am has a 800kg pay load capacity in the box with a 1200kg tow capacity in hydraulic tipping body. There are two storage draws in chassis (30kg capacity each), Flip up front screen and Wiper, Electric windows and 14" alloy wheels, all powered by a 800CC V-Twin Rotax engine (LPG convertible upon request) with a top speed of 62 MPH.
