

Three years ago C&O made the bold decision to become part of the Massey Ferguson family. It has proved to be 100% the right decision. We're proud of the hundreds of Massey Ferguson tractors we've delivered to farms across our region. We continue to support these machines with the exceptional support we receive from Massey Ferguson. This has never been more important than during the difficult times we are currently experiencing.

Please be assured that together we are doing everything we can to support you in the vital work you are doing to support the country.

Andy Coles
Managing Director

New deliveries

Product installations

MASSEY FERGUSON HAYTOOLS IN STOCK NOW

FINANCE AVAILABLE

SERVICE

It is our priority to keep your machinery working. We have precautions in place to protect you and our staff if you need service work undertaken

All our depots have Always Running units on standby, ready to support our customers.

PARTS

We have a good supply of AGCO parts in addition to a large inventory of parts from a wide range of manufacturers.

Our manufacturers have been working hard to ensure supply chains are maintained and parts are still available.

SALES

We have a range of stock Massey Ferguson tractors and machinery from our partners available across our depots and, using social distancing measures, are still able to deliver and install new tractors and machinery on farm to ensure that you can keep working.

Read the latest about our coronavirus response at www.candotracors.com/coronavirus

Our priority now and always is to support our customers in the agricultural industry. #keepbritainfarming
