

Kverneland

- ▼ **KVERNELAND NOW AVAILABLE TO ALL C&O CUSTOMERS**
- ▼ **BLANDFORD DEPOT TO DELIVER KVERNELAND ACROSS DORSET**
- ▼ **FULL RANGE SUPPLY AND PARTS STOCKING FROM ALL DEPOTS**

Kverneland's dealer network continues to go from strength to strength, and the latest change is that of more area for C&O Tractors, this time through its Blandford Forum, Dorset depot.

This new announcement means that the full range of Kverneland implements is now available from all four of C&O's depots - Blandford, Wilton, Funtington and the Isle of Wight.

"Since we welcomed Kverneland back to C&O firstly at Funtington in 2017, and subsequently on the Isle of Wight and Wilton, it has been an aspiration to be able to offer this premium brand to all of our customers," said Andy Coles, C&O managing director. "And following detailed discussions with Kverneland,

I'm now proud to announce that our Blandford depot will also sell Kverneland."

"This is fantastic news for the company and for our customers," he said. "Supplying the full line of Kverneland machinery and parts across the whole C&O group will enable us to have a focused approach, offering an increased range of machinery for our customers while expanding our stock and supply of Kverneland original parts."

Kverneland MD Joe Bell is upbeat about the expanded territory announcement for C&O Tractors. "C&O has gone from strength to strength in the last four years," said Joe Bell. "And this expansion creates an opportunity to find new

business with many more C&O customers, in addition to supporting existing customers in those areas."

The Kverneland range includes an extensive range of soil preparation and seeding equipment, grass and forage products, diet feeders, fertiliser spreaders and precision farming technology.

Joe Bell from Kverneland UK and C&O's Andy Coles announce the changes.

Based on 50% of the RRP or balance to finance, whichever is lower. Alternative profiles are available on request.

Offer available until 30th June 2021

MF BALER MAKES AN IMPRESSION

Will Box collected his new Massey Ferguson RB4160 V baler supplied by Blandford salesman Ben Best.

The Dorset Contractor was impressed with the ease of use of the E Link Control unit and the offering of the Xtra cut giving optimum cutting performance for those who prefer to have their forage cut finer. A finer cut forage creates better fermentation and palatability and reduces the waste left behind by the animal during feeding.

"Will has been a loyal customer to the C&O Blandford depot and are very happy to see him continue his faith in the reliability of the Massey Ferguson brand" said Ben Best.
