Many thanks to everyone who attended the recent Kverneland Sprayer and Spreader demo days. The events, at C&O Funtington

Operating in the field were the Kverneland iXter B18 sprayer with iXtra front tank, iXtrack T4 sprayer and TL Geo IDX fertiliser spinner on the latest model Massey Ferguson tractors.

Thanks to the team from Kverneland for bringing their expertise out to the field and Philip Simmonds for use of the demonstration site. See the machinery in action at [www.youtube.com/candottractorsltd](http://www.youtube.com/candottractorsltd)

and Little Durnford Farm near Salisbury gave a fantastic opportunity for customers to meet and discuss the range of Sprayers and Spreaders available from Kverneland.

# Keep cool and avoid engine damage

## Engine overheating – it's just not worth the risk

- Poor performance or serious damage to your engine due to overheating could leave you with an expensive bill
- Incorrect maintenance or low-quality components can cause corrosion, rust and scale build-up
- Fit original top-specification AGCO Parts cooling components, the only ones approved by Massey Ferguson engineers
- Water pumps, radiators and thermostats - we offer a full range of cooling components to suit all MF machines
