At C&O we know how important it is for you to have a demonstration machine on your farm to compare against other machines, to see how it can handle the work you need to do and to have the time to really get to know a new model and put it through it's paces.

The C&O demonstration fleet of tractors and machinery is on hand to make sure you can test the machine that is right for you.

Customers also benefit from demonstration installation, product training and support from our new Product Specialist & Demonstrator Paul Lyford who has joined the team and will work alongside IOW demonstrator Chris Rann and our sales team with support from our product manufacturers.

CALL YOUR C&O SALES PERSON TO DISCUSS YOUR DEMONSTRATION REQUIREMENTS.
