C&O RECEIVE SERVICE EXCELLENCE AWARD

C&O Service and Warranty teams are celebrating after receiving a Service Excellence award from Kverneland. The award recognises consistent achievement across all C&O service teams in delivering on-time machine servicing, repairs and inspections for customers.

The award also highlights the role of Warranty support and the benefits that brings to the customer, including through the validation of the second year of warranty following annual servicing.

C&O MD Andy Coles said 'I'm very proud of our Service and Warranty team for achieving this award. It demonstrates the level of expertise we have built up with the Kverneland product range across the group and how we are seeing that translate to real benefits to our customers.'

C&O Product Specialist and Demonstrator Paul Lyford has been out with Area Sales Manager Andrew Burch demonstrating the Kverneland IDC Geospread to customers on the Hampshire Downs.

'We've had great reports back from the customer' said Paul 'they are really impressed with the ease of setting the spreader up for work with just the touch of a few buttons

on the GO PRO screen. They were also particularly impressed with the accuracy of spread pattern. As well delivering savings by making sure no fertiliser is wasted, it's crucial for this customer as there are water courses alongside the field.'
