Cab maintenance? It's vital.

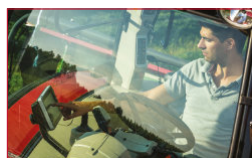

As a farmer, there's always work to be done. There's always a reason to prioritise your tasks - and not yourself. But if you want to achieve as much as possible on a daily basis, it's crucial you take steps to look after your working environment.

As your dealer, we can help. We're on-hand to provide parts and services - we stock a range of Genuine AGCO products to keep your in-cab experience as pleasant and productive as possible.

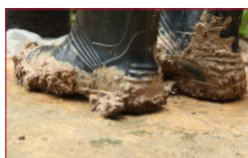

Seat covers

Our premium, tailor-fit seat covers are stylish and durable, keeping your seat clean and well-protected.

Air con servicing

Get prepared for the summer months - properly-serviced air conditioning keeps your cab cool and free of pollen and dust so you can focus on the task at hand.

Floor mats

Our tough, durable floor mats provide you with day-to-day anti-trip and non-slip protection for your cab, whatever the weather.

Audio options

DAB, Bluetooth, iPod and phone connectivity - there's a wealth of fuss-free or full-works options at your fingertips with our radio range

Monitoring cameras

Keep a close eye on the task at hand - monitor your field implement or machine from the safe comfort of the cab.

Work lights

When natural light is hard to come by, Genuine AGCO work lights take the lead. Rigorously tested and manufactured to the highest standards, they won't let you down.

2022 SHOWS & EVENTS

After two years of disruption we can't wait to get out into the fresh air and show you the latest tractors and machinery we have.

C&O are going to be out across the spring, summer and into the autumn so come along to meet the team.

C&O CELEBRATE 5 YEARS OF MASSEY FERGUSON PARTNERSHIP WITH TRACTOR GIVEAWAY

C&O Tractors are celebrating the 5th anniversary of their partnership with Massey Ferguson by giving farmers the chance to win the use of a Massey Ferguson tractor for 6 months.

Farmers in C&O's operating territory, which now reaches from East Devon to West Sussex and encompasses Dorset, Somerset, Wiltshire, Hampshire and the Isle of Wight, are invited to sign up and enter the draw to win a tractor. To reflect the range of farm types across the South West the prize winner will be able to select the model that most suits their needs from a selection of 5 latest model machines; MF 8S.205, MF 7S.108, MF6S.165, MF6714 S with loader and MF 5S.145.

5 years ago C&O stunned the industry by changing main manufacturer and becoming suppliers of Massey Ferguson tractors, combines and balers. "C&O Tractors took the bold step of changing tractor brand to become part of the Massey Ferguson family and we asked our customers to join us on this journey. That decision has proven to be the best choice I could have made for our customers, our staff and the business," said Andy Coles, C&O Managing Director.

"Over the past 5 years we have seen the Massey Ferguson product offering grow, from the development of the IDEAL Combine Harvester, the global range, M series and new S series. As a team we could not be more proud to be delivering and supporting this world-class product," added Andy.
