C&O SPRING GRASSLAND DAY

NEW KVERNELAND GRASS KIT IN ACTION

C&O have been out in the field with the team from Funtington in West Sussex hosting a Kverneland Grassland day at Sindles Farm on the Hampshire/West Sussex borders.

The working event saw demonstrations of a range of Kverneland forage kit in action including the Terralink Quattro 9472C rake, 8576 tedder and TAM3332FT front and TAM3332MT rear mowers. The event was the first viewing of the ROC RT380 front and RT 730 rear mergers since their acquisition by Kverneland was announced at Scotgrass. The mergers were working in partnership with the new Massey Ferguson

4160V Protec baler wrapper.

The event also gave customers a preview of our cover star, C&O's black MF 8S.205 tractor, wrapped to celebrate the first 5 years of partnership between C&O and Massey Ferguson. The tractor is one of the models on offer in our 'Win a Tractor' competition which is taking place over the summer. A range of MF models were on site including the 8S.225 Dyna E Power, 5S.145 and 7719S, 5711M and 772S machines.

Brand new D-Max models from Isuzu were also on display alongside the Can-Am HD9 Traxter side by side and Can-Am Outlander 570 ATV.

Thanks to our customers and representatives from our manufacturers who supported the event with their time and expert product knowledge. Enter the competition to Win a Tractor at candotracors.com

NEW SALES MANAGER FOR C&O IN WILTSHIRE

In May Paul Shutler retired as Sales Manager at C&O Wilton following a 20 year career with the company. During his time with the company Paul sold tractors and machinery across Wiltshire, Hampshire and Dorset including new Massey Ferguson IDEAL combine harvesters.

C&O are pleased to announce that the Sales Manager role at C&O Wilton has been filled by Paul Lyford. Paul has been with C&O since the start of the year when he joined the team as a Product Specialist. The move into a dealership follows 10 years direct agricultural experience working on farms in Dorset & Wiltshire. Paul's product knowledge is second to none and he really understands what customers are looking for in a product and from their dealer.

'I'm looking forward to getting out there and introducing myself to the customers in our area, or if there's anything I can help you with please just pick up the phone I'm here to help.'

Paul can be contacted on 07980 730 242 or emailed at paul.lyford@candotracors.co.uk

NEW C&O GROUP SALES MANAGER

C&O have also welcomed former Massey Ferguson Territory Manager Kevin Cook to the team. Kevin has joined C&O as Group Sales Manager, a role that will see him working with the sales teams at all our depots. Kevin has joined the team following the retirement of Sales Director Dick Spencer.

Kevin will be well known to farmers across Devon, Somerset, Dorset, Hants, Wiltshire, West Sussex and on the Isle of Wight as his experience with Massey Ferguson's parent company AGCO involved him working with MF dealers across the South West, from West Sussex to Cornwall. Kevin has spent his whole career working for dealers and manufactures and is bringing a wealth of experience to his new role at C&O. 'The whole company wishes Dick Spencer and Paul Shutler all the best in their retirement and thank them for the contribution they have made to C&O and we welcome Kevin and Paul to the team,' said Andy Coles, C&O Managing Director.

A large red Massey Ferguson combine harvester is shown in a field, harvesting golden grain. The harvester has 'MASSEY FERGUSON', 'BETA', and '7360 AL4' written on its side. In the background, there are rolling green hills under a blue sky with white clouds. The Massey Ferguson logo is in the top right corner.

**IF YOU CAN DO IT TODAY,
WHY PUT IT OFF UNTIL TOMORROW?**

Last chance to get ready for the season ahead. Contact us today.

Your machine needs to keep running reliably throughout the season. If you want to achieve as much as possible on a daily basis, it's crucial you prepare by making sure you have consumable parts on-farm and ready to use.
