C&O

ISSUE 2

candottractors.com

WELCOME TO ISSUE 2 OF THE C&O FOCUS

Our first quarter kicked off with a number of events; the team from our South Petherton depot did themselves proud with a great open day showcasing the depot and fantastic products from Massey Ferguson, Kverneland, SANY, Shelbourne Reynolds and more. Thank you to everyone who came along to support the event. We've been in the field with Sky, Mzuri and Kverneland, demonstrating the best in direct and conventional drills and joined all the leading dealers in the South West at the new West Country Farming and Machinery show in Exeter.

We hope you're enjoying C&O's FOCUS, if you'd like to have a copy posted to you please let us know. **Scan this code** to update your contact preferences.

Our team is growing and we've welcomed new staff to the group including; **Niamh Collins** Isuzu Sales Executive (W. Sussex), **Geoff Bennett** Construction Sales Manager (W. Sussex), **Charlotte Jones** Area Sales Manager (Wiltshire), **Andrew Dennett** Engineer (Dorset), **Alan Bennett**, Engineer (Somerset), **Lillias Whyte**, Administrator (Somerset) and **Stuart Stoodley**, Service Manager (Somerset).

New roles are always advertised on the C&O website and we are always interested to hear from agricultural engineers who are looking for a new challenge.

COMING UP IN 2023

6 th JUN	FOCUS Evening 90-180hp / Loaders West Sussex
22 nd JUL	Mid-Devon Show Devon

2 nd SEP	Alresford Show Hampshire
2/3 rd SEPT	Dorset County Show Dorset
9 th SEP	Frome Cheese Show Somerset
9 th SEP	Romsey Show Hampshire
23 rd SEP	IOW Ploughing Match
4 th OCT	The Dairy Show Bath & West Showground

YOUR CHANCE TO WIN £100 ACCOUNT CREDIT

After all new tractor purchases Massey Ferguson invite all customers to fill in a survey about their tractor and the purchase process. These surveys are a vital way for Massey Ferguson and C&O to receive feedback.

To encourage customers to take time out of their day to complete the survey in C&O are holding a prize draw every quarter for customers who have completed the survey, the winner will win £100 credit on their account.

Congratulations to our first winner **Mr Richard Baker** of East Chinnock, Somerset.

MF 5S & 6S PICK YOUR OFFER

offer. With tractors in stock ready for delivery now there is no better time to upgrade to a new MF 5S or 6S tractor. Offer subject to terms & conditions.

GRASSLAND

Kverneland's extensive range of grassland machinery covers the entire range of forage production.

A range of front, side-mounted, centre-mounted and butterfly combination mowers, alongside front, rear & trailed mower conditioners mean there is a mower for every size of operation.

Rakes are available as single, twin or four rotor models. Kverneland's Compact Line 6.4m mounted version twin rotor model is new to the range.

Kverneland's Tedder range includes compact low-maintenance machines alongside heavy-duty tedders designed for high capacity work up to 13.3m working width.

Specialist and multi-purpose Flail choppers for all uses from compact up to contracting work are all included in the Kverneland range.

CULTIVATION

Kverneland cultivation machinery delivers performance and reliability ensuring the perfect soil preparation every time.

Qualidisc disc harrows offer versatility, efficiency and high-quality cutting. Kverneland power

harrows are suitable for every horsepower ensuring strength, durability and optimum performance. The DTX, Flatliner and CLI Subsoilers give maximum soil shatter with minimum surface disturbance on just one pass.

Kverneland's range of stubble cultivators comprises the Enduro, Turbo and CTC, all designed to provide the best working quality with the highest output and lowest costs of operation and includes the Knock-On system for fast and easy metal exchange.

For seedbed preparation Kverneland's TLD and TLG cultivators have excellent weight distribution and the ability to give precise depth control and optimum ability to follow ground conditions.

Actiroll are a hard-wearing range of rollers, delivering compaction and levelling whilst reducing soil porosity and limiting evaporation.

MASSEY FERGUSON, SANY, ISUZU C&O FUNTINGTON DELIVER THE BIG THREE

C&O's depot in the village of Funtington, West Sussex is close to the A27, between Portsmouth and Chichester and is in many ways the most diverse of C&O's six depots, delivering Isuzu pick-up trucks, alongside Massey Ferguson tractors, SANY construction machinery, Kverneland and Can-Am.

The team of 12 have been located on the site, managed by local farming company Basil Baird, for six years. An increase in workload has led the team to recently enhance their facilities, improving the showroom area, expanding the parts department and most importantly moving into a larger workshop, to enable our engineers to increase capacity.

Niamh Collins

Geoff Bennett

David Morris

2023 has seen Mark Duncton move into the role of Aftersales Manager. Niamh Collins joined in early 2023 to focus on the sales of Isuzu pick-up trucks. Niamh brings with her experience from the car industry and is transforming the delivery of Isuzu at C&O. Geoff Bennett is the newest member of the team and is focused solely on SANY construction sales.

Parts Manager David Morris, is a familiar face to customers at the Parts counter and renowned for his exceptional knowledge and service. C&O's Service

team of Dave Morgan, Ben Boocock, Stuart Bell and Rory Hooper are our multi-skilled engineers supporting the full range of machinery delivered. C&O are currently recruiting for an apprentice engineer to ensure we invest in the next generation of service engineers.

Supporting the teams at the depot are Caroline Robinson and Christine Barton, our very experienced administrators who support all aspects of the work at the depot.

Our agricultural sales team, Philip Prior and Debbie Cant, cover a large territory in Hampshire and West Sussex which incorporates a diverse range of farms and agricultural customers. Philip and Debbie deliver the full range of Massey Ferguson tractors from compacts to 400hp tractors, combine harvesters and haytools.

The team also supply agricultural machinery from Kverneland, Opico and Shelbourne Reynolds alongside Can-Am ATVs and Side by Side vehicles ensuring that the needs of all farms - dairy, arable and specialists - are met.

Talking about the latest range from Massey Ferguson Philip Prior said, 'The new range of 100-180 hp tractors are really showing their metal and proving to be exceptionally versatile tractors for mid-size farms'.

C&O will be holding a FOCUS evening on **6th June** to give customers from across the region the chance to discover more about the MF loader tractors in the 4700, 5700, 5S and 6S ranges, as well as showing off the improvements at the depot.

C&O Funtington

New Barn Farm, Funtington

"We've got a great team here in West Sussex, everyone has really worked hard and pulled together over the past few months as we've improved the showroom, parts and workshop areas enabling us to increase capacity."

Now, with new members of the team focused on Isuzu and SANY, we're in a great place to provide exceptional support for our agricultural, construction and pick-up customers in West Sussex and Hampshire."

WELCOME TO C&O CONSTRUCTION

C&O have had a great start to 2023, delivering SANY excavators across the South Coast and reaching the fantastic target of delivering our 150th excavator since we started our partnership with SANY at the start of 2022.

C&O have expanded the construction sales team and are delighted to introduce Geoff Bennett our new Construction Area Sales Manager for

West Sussex and East Hants. Geoff will be based at our depot in Funtington, West Sussex. 'This is a really exciting challenge for me, I've enjoyed getting to know this amazing product range and I'm getting out meeting customers as much as I can.'

Earlier this year Lee Priddle, our Construction Sales Manager travelled to the Con Expo in Las Vegas to see for himself the latest models that SANY are launching onto the market, including the new electric mini-excavator SY19E.

The SY19E comes with fully electric drive with LFP (Cobalt free) battery for faster, safer and more efficient charging & longer battery life, it has zero emissions, can be charged from a single automotive standard charging socket and generates just 66dB noise level. Not just that it also benefits from SANY's 5 year guarantee.

We are already taking orders for the electric SY19E and are expecting to see first deliveries later in 2023.
